PORK

家族企業始於 1930 年代初，當時BEHER的創始人貝爾納多·埃爾南德斯·布拉斯克斯開始銷售他手工製作的第一批伊比利亞豬肉產品。

到了 1970 年代，創辦人的兒子接管了公司，在他的帶領下，BEHER 實現了指數級增長，並透過首次出口將品牌推向國際市場。正在這段時期，公司開始飼養 100% 純種伊比利亞豬，從一開始就實施的基因選育成為了產品如今卓越品質的關鍵。

進入 21 世紀，隨著第三代和第四代的傳承，BEHER 已發展成為一家享譽全球的成熟企業，掌控著從生豬養殖、加工、醃製到最終產品改良的整個生產流程。

Family-own business starts from early 1930s when Bernardo Hernández Blázquez, founder of BEHER, began to market the first Iberian products that he made by hand.

In the 1970s, son of the founder, took over, who made BEHER grow exponentially and internationalized the brand thanks to the first exports. It is at this time that the breeding of 100% native Iberian pigs was incorporated into the company, where the genetic selection implemented from the beginning has turned out to be the key to achieving the current excellence products.

With the turn of the century and the arrival of the 3rd & 4th generations. BEHER is now a consolidated and recognized company throughout the world that controls the entire production process, from pig breeding, to processing and curing and ending with the enhancement.
